TRANSMITTAL OF RESPONSES TO COLORADO DEPARTMENT OF PUBLIC
HEALTH AND ENVIRONMENT COMMENTS ON THE CONSERVATIVE SCREEN
LETTER REPORT FOR OPERABLE UNIT 3 - MSB-012-95

Enclosed please find six copies of the above document. This document is in support of the Operable Unit 3 human health risk assessment. It is recommended that the Department of Energy/Rocky Flats Field Office (DOE/RFFO) submit two copies of each document to the Environmental Protection Agency and the Colorado Department of Public Health and Environment.

This document is a revision of an earlier submittal and is in response to the April 24, 1995 meeting with the regulatory agencies that took place in your offices. This revision incorporates both DOE/RFFO and EG&G Rocky Flats, Inc comments. The agencies indicated in the above meeting that they would commit to a one week review of this document and that we could expect expeditious approval.

EG&G is retaining four copies of the document to hand deliver to the agencies upon receipt of your transmittal letter. This will help expedite the process.

If you have any questions or need additional information, please do not hesitate to call
